

PROJECT	American Red Cross
BUILDING OWNER	American Red Cross Chestnut Ridge 1816 Lincoln Ave. Latrobe, PA 15650
AREA	Eight Thousand Three Hundred Square Feet
DESCRIPTION	<p>The existing roof was removed to expose the metal deck to provide a smooth substrate for the new roof system. New isocyanurate insulation was mechanically attached to the metal deck to provide an “R” value of approximately 11. Fiberboard insulation was set in hot asphalt to provide an appropriate base for a 4-ply built-up roof system. New aluminum gutters, downspouts and metal edges were custom fabricated on our own computerized metal brake.</p> <p>The owner was given a 20-year labor and material warranty for their protection.</p>
ARCHITECT/SPECIFIER	Greg Kashur The Garland Company Gibsonia, PA 15044
